Thousands of people nationwide organized hundreds of **National Alcohol and Drug Addiction Recovery Month (Recovery Month)** events in 2003. In this Webcast, the Substance Abuse and Mental Health Services Administration (SAMHSA), part of the U.S. Department of Health and Human Services (HHS), will highlight the Nation's observance of **Recovery Month 2003** and salute the talented and dedicated event organizers for creating opportunities to educate their communities about the value and benefits of alcohol and drug addiction treatment and the professionals who provide these services.

The events held this year were more creative than ever—ranging from a campout in Hawaii to a music festival in Tennessee. Join host Ivette Torres, Associate Director for Consumer Affairs, Center for Substance Abuse Treatment (CSAT), SAMHSA, HHS, to learn more about the 2003 **Recovery Month** events and how event organizers used the resources available from SAMHSA to stimulate activities at the local level. We hope that by demonstrating these successes, others will be moved to organize **Recovery Month** events in 2004. The theme for **Recovery Month 2004** is “**Join the Voices for Recovery...Now.**”

This Webcast will be archived for viewing at any time after the November 5, 2003, premiere at <http://www.recoverymonth.gov/2003/multimedia>. Videotapes will be available through SAMHSA's National Clearinghouse for Alcohol and Drug Information at a cost of \$12.50 per copy. Copies can be ordered online at www.recoverymonth.gov.
